Date : 4th Sep., 2009.

Dear Mr. Navin Choudhary,

At the outset, I wish to thank you for taking time out of your busy schedule & addressing my Team Meet on the 15th of August, 2009 on "Dreaming & Achieving".

While your speech was highly inspiring, your guts & self-belief in announcing "Payment of your MDRT Course fees only after achieving MDRT" & joining the course only with Registration Fees" was astonishing.

Many Agents, about 11 of the 20 who attended that meet & have already enrolled for your course are very happy & finding the training program amazing. The change after 3 sessions is evident. They are looking more positive & greater in confidence. You seem to be making a difference.

While we impart business related training, focusing on Knowledge & skills, you are working on their Minds & Personal Areas making them more Peaceful. Together, this can go a long way in achieving our common objective of producing 20 MDRT Agents from my Team which (Producing MDRT Agents) is also your training objective.

As such, I wish you address our Branch Agents, in consultation with our Branch Manager, on the same topic "Dreaming & Achieving" so that my other Agents as well as the Agents of my Branch get this opportunity to get ahead in life & life insurance business. I believe you already addressed a meet of Br. 89E Agents & they too were very happy about it.

Looking forward to seeing you soon with my Branch Manager & Thanking you once again,

Yours sincerely,

Rajesh F. Bajaj.
